Opentrons OT-2

# PYTHON PROTOCOL API

## SEMESTER FINALE

---

# DEMONSTRATION

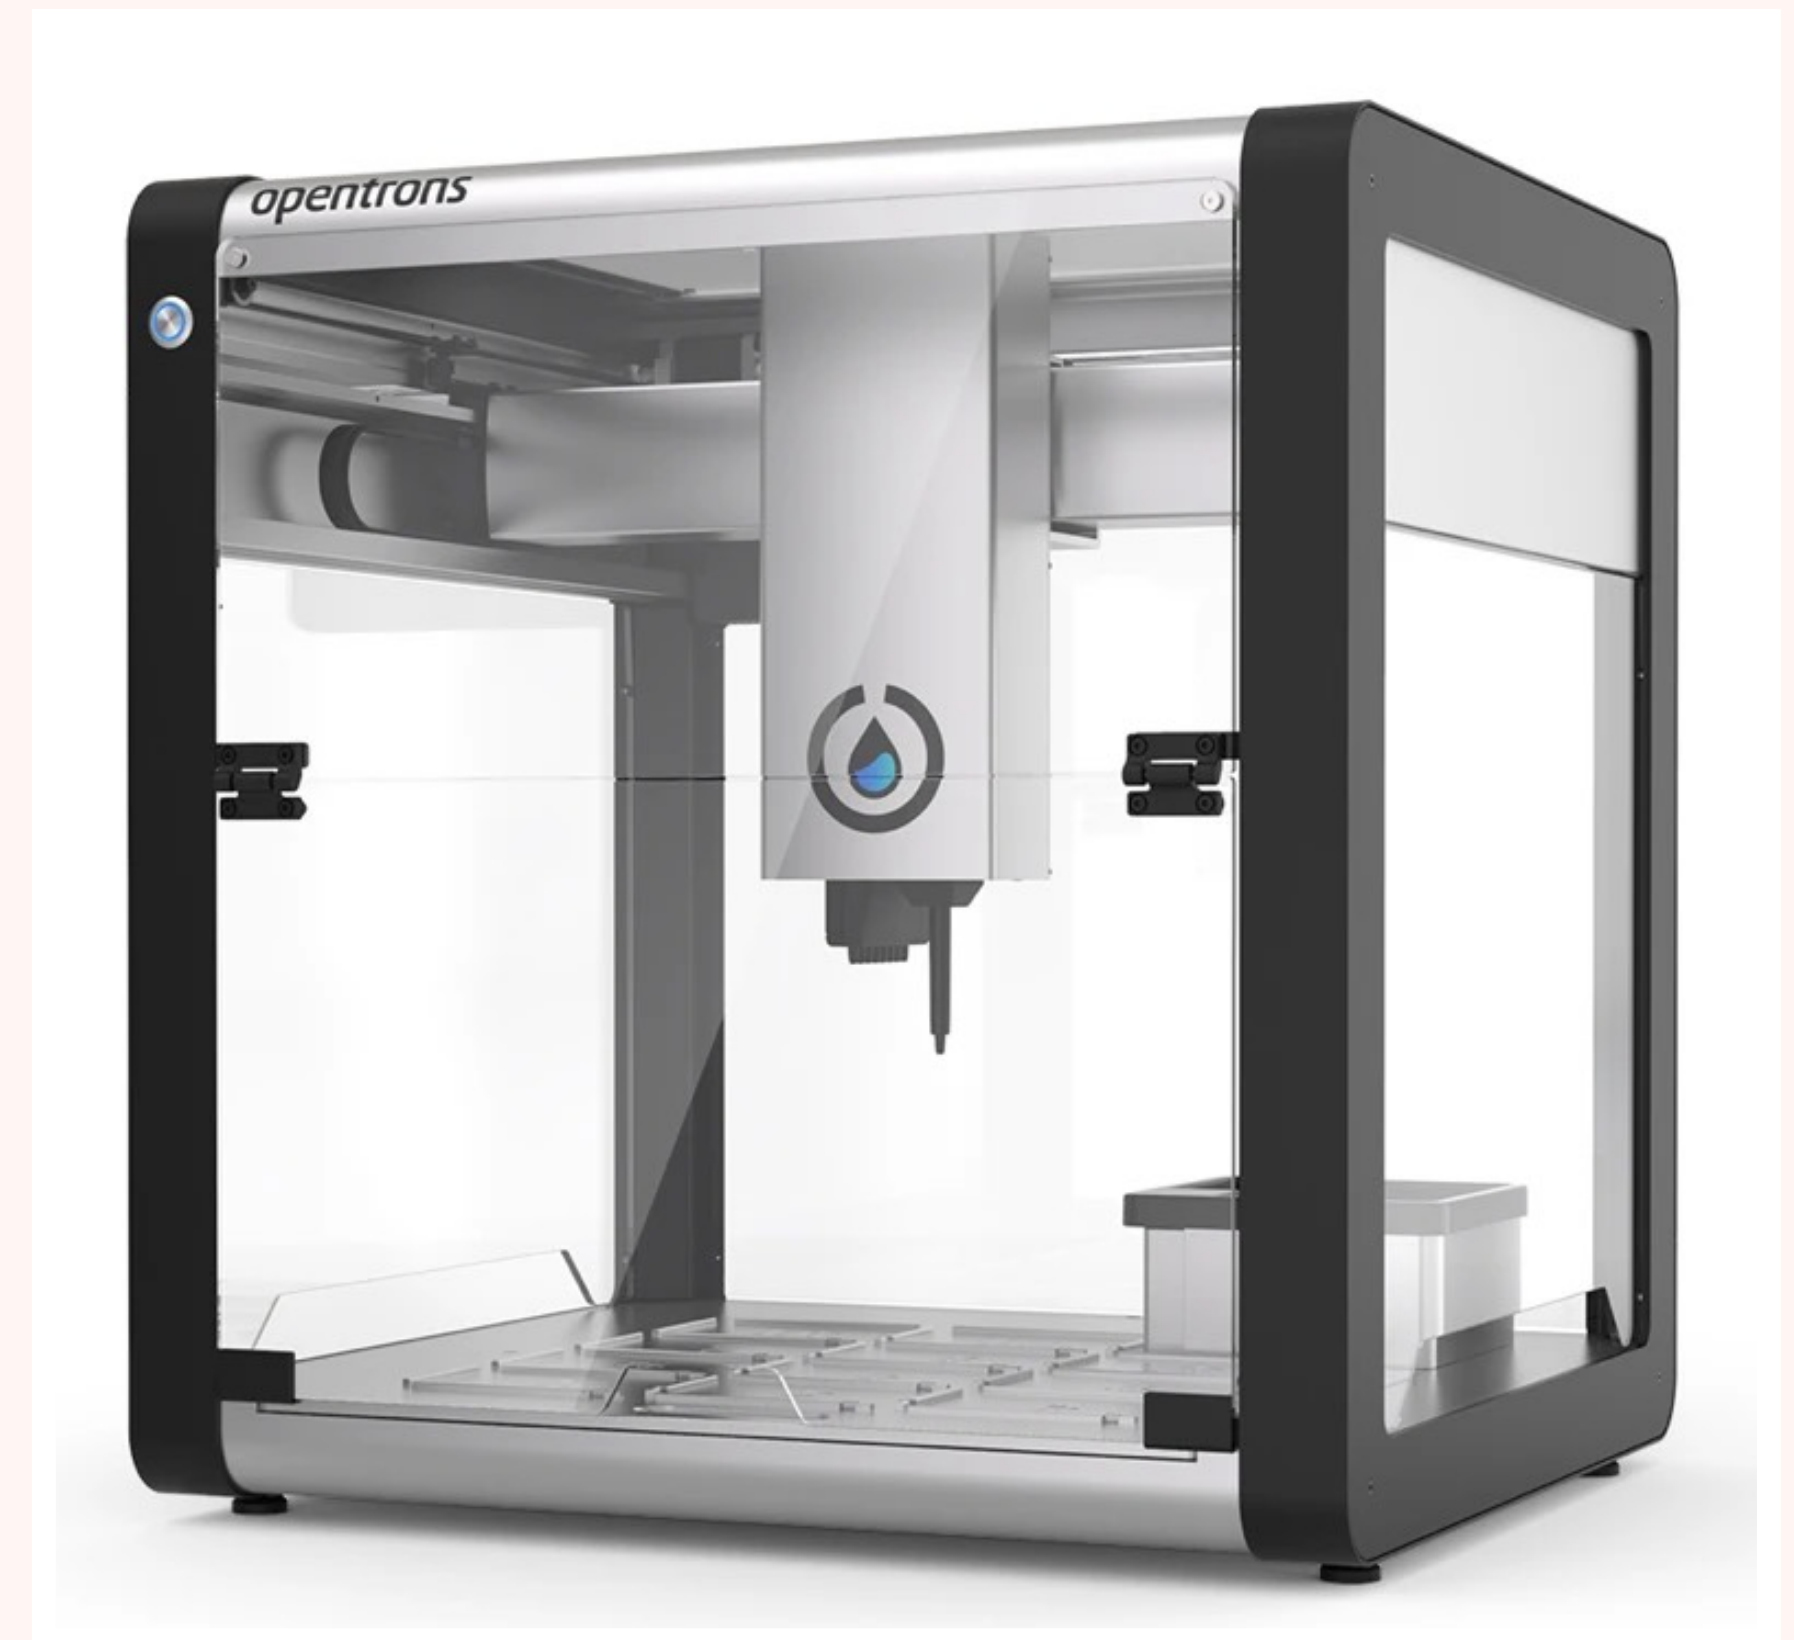

---

---

# INSIGHTS

- **OT-2 Python Protocol API**
- **automate generation of python files!**
- **data structures, optimization of code**
- **import information from different files**
- **bridges between parts of a system allow for fluidity in code**

---

# NEXT STEPS

- **increase protocol\_generator command repertoire**
- **make file\_converter more robust**
  - **convert more commands**
- **test more biological protocols**
  - **building block vs. complex commands**
